Henry Bryce, Robert Heath Advance to Higher Posts in Technical

Two promotions were announced recently in the Technical Department effective November 14, 1971.

Henry (Hank) W. Bryce was promoted to Senior Engineer in the Crude Distillation Section of the Process Engineering Division. Hank's promotion is in recognition of his technical development, contributions and effectiveness as a process engineer.

Robert (Bob) N. Heath became a Senior Engineer in the MCS-Control Systems Section. He earned this promotion for his contributions in the development and implementation of advanced computer control schemes.

Hank Bryce joined Lago in December, 1969 as an engineer in Technical-Process Engineering. He transferred to Lago from Imperial Oil's loco Refinery, where he worked for 2½ years as contact engineer for the Powerformer, Toluene and Hydrofining units and in the Economics Division on project evaluation and capital budget preparation.

Prior to his recent promotion, he had been assigned as an engineer in Technical-Process Engineering since Dec. 1969.

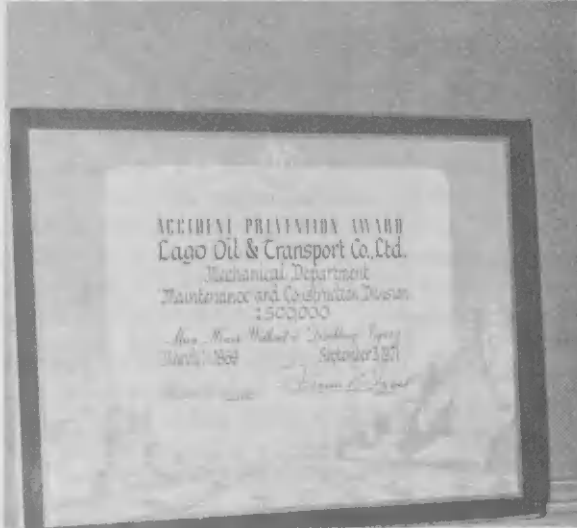

H. W. Bryce

Hank holds a Bachelor's degree in Chemical Engineering from the University of British Columbia. Some courses he took at Lago include Kepner-Tregoe and Cope II.

Married, Hank and his wife Beverley have a one-year-old daughter, Robyn Kristina.

In his spare time, Hank en-

While presenting an American Petroleum Institute safety award, President R. L. Trusty (at right) congratulates M&C Division Superintendent W. Terrell with the Division's recent safety record of 2.5 million manhours without a disabling injury. This brief ceremony took place in the presence of M&C supervisors in the G.O.B. Conference Room. Having set a Jersey record of 2.5 million manhours, the M&C Division is continuing its efforts for a new world safety record.

Mientras presentando un premio de seguridad de American Petroleum Institute, Presidente R. L. Trusty (a la derecha) felicita al Superintendente de la División de M&C W. Terrell con su reciente récord de seguridad de la División de 2.5 millones de horas de trabajo sin accidentes. La ceremonia tuvo lugar en presencia de supervisores de M&C en la Sala de Conferencias de la Oficina Principal. Después de establecer un récord de Jersey de 2.5 millones de horas de trabajo, la División M&C continúa su esfuerzo por un récord mundial de seguridad.

joys playing tennis.

In September 1969, Bob Heath transferred to Lago from Imperial Oil's Edmonton Refinery where he had been contact engineer for the atmospheric and vacuum pipestills.

R. N. Heath

His first assignment at Lago was as an engineer in Process Engineering. Later he worked in the MCS Division.

With a B.Sc. degree in Chemical Engineering from the University of Windsor, he attended a General Electric Computer Programming course.

In his spare time, Bob en-

Esso Uniflo Motor Oil on Sale Now at All Esso Servicenters

The Aruba Esso Servicenters have now added a gem to their stand of lubricating oils: the Esso Uniflo motor oil (20W-50). The Uniflo is a super premium, multigrade oil which exceeds car makers' service requirements and gives unexcelled performance.

The Esso Uniflo motor oil has several unique features. A multigrade product, one essential quality of Uniflo is its ability to supply a fluid film of the proper viscosity through a wide range of engine temperatures.

Through a balanced mixture of special chemicals (additives),

joys boating, fishing and playing tennis. Married, he and his wife Faye have a two-year-old daughter, Lisa. On his next vacation, Bob and family plan a trip to Canada.

Uniflo restricts sludge and varnish deposition at both high and low temperatures, and gives superior rust resistance.

The Uniflo motor oil also minimizes engine wear by giving protection through anti-wear and corrosion-inhibiting additives.

Its chemical stability assures exceptional ability to resist oxidation which could lead to bearing corrosion or excessive oil thickening.

The Uniflo oil is formulated to excel in retaining its SAE rating under typical operating conditions and has all of the other qualities expected of a superior motor oil, such as foam control, cold fluidity, pour stability, and the ability to minimize combustion chamber deposits.

Azeta Esso Uniflo Ta na Venta Awor na Tur Servicenter di Esso

Estacionnan di servicio Esso na Aruba a caba di pone un hoyo na nan surtido di azetanan pa motor: Esso Uniflo azeta pa motor (20W-50). Uniflo ta un azeta super premium, multigrado cu ta surpasa exigencianan di servicio duná door di fabricantenan di motor, y e ta duna servicio sin comparacion.

Azeta pa motor Esso Uniflo tin varios característica unico. Un producto multigrado, un calidad esencial di Uniflo ta su capacidad di percura pa un capa di liquido di exacta viscosidad, cu ta keda bon bao di varios temperatura di motornan.

Pa medio di un mezcla balanceada di substancianan quimica especial (yamá aditivo), Uniflo ta reduci sedimento y deposito di vernies na varios temperatura, y e ta proteha motornan mihor contra frusto.

Azeta pa motor Uniflo tambe ta reduci gastamento di motor door di cu e ta duna proteccion pa medio di su aditivanan cu ta obra contra gastamento y ta rebaha corosion.

Su estabilidad quimica ta asegura capacidad excepcional pa resisti oxidacion, cual por causa gastamento di bearing of cu e azeta ta bira muchu diki.

New Esso Uniflo motor oil on display here at Viana Esso Servicenter.

Azeta nobo pa motor Esso Uniflo ta muntra aki na Viana Esso Servicenter.

The funds raised at the Christmas party of the Mechanical-Engineering Division employees this time went to help the under-privileged families of Brasil and San Nicolas. At left, Eddy De Lannoy presents a donation to Father P. Grove at the Brasil Church on behalf of the Engineering Division, while Frank Dowling looks on. In picture at right, Frank Dowling hands a check to Danny Leerdam, treasurer of the St. Vincent de Paul Society of San Nicolas. Witnessing the

In the presence of fellow workers, Lourens Croes of Mechanical-Metal Trades receives his 25-year service watch from Mechanical Manager K. L. Weill. His anniversary date was December 9, 1971. Den presencia di companjeros di trabao, Lourens Croes di Mechanical-Metal Trades ta recibí su oshl di 25 anja for di Gerente Mechanical K. L. Weill. Su aniversario tabata Dec. 9.

Formula di Uniflo ta trahá pa e tene su clasificacion di SAE bao condicionnan típico di operacion, y e tin tur e otro calidadnan cu por spera di un azeta superior, manera menos scumamento, fluidez ora di friu, estabilidad pa circula bon den motor, y menos sedimento den camara di combustion.

Ademas, Uniflo ta economico ya cu por usé cu seguridad durante intervalonan largo di cambio di azeta, y e ta reduci mantencion pasobra di su actuacion excelente bao varios condicion di servicio y clima.

Compará cu otro azetanan pa motor super premium, Uniflo ta worde bendí na e prijs di competencia di f. 1.40 pa un cuarto galon.

Esso Uniflo

(Continued from page 1)

Also, Uniflo is economical because of its ability to be used safely with long oil-change intervals and to reduce maintenance and operating costs as well as because of its excellent performance under varying service and climatic conditions.

Compared with other super premium motor oils, Uniflo sells locally at the competitive price of Fls. 1.40 per quart.

OBITUARY

FACUNDO P. NICOLAAS, ■ Quartermaster on Lago tugs in Process-Oil Movements-Floating Equipment, died in the Lago Hospital on December 31, 1971. Mr. Nicolaas, who was single and had over 24 years of Lago service, died at age 39. He resided at J. van Stolzbergstraat 7, San Nicolas.

presentation are (l to r): Eddy De Lannoy, Father H. A. Hellegger, chairman of the Society, and Rafael Halley, the Society's secretary. Na robéz, Eddy De Lannoy ta presenta un donacion di personal di Mechanical Engineering na Pastoor P. Grove di Brasil pa yuda famillanan pover, mientras den portret na drechi, Frank Dowling ta presenta un donacion pa St. Vincent de' Paul Stichting di San Nicolas na Danny Leerdam, tesorero di e Stichting.

Lago Donations Bring Happier Season for the Youth and Needy of Aruba

Accepting a Lago donation from President R. L. Trusty on behalf of the San Martinus Foundation is Sister Bridget, secretary of the Foundation and administrator of the "Imeldahof". This children's home at Noord is charged with the care of neglected and needy children.

Acceptando un donacion di Lago for di President R. L. Trusty na nomber di Stichting San Martinus ta Soeur Bridget, secretaria di e Stichting y administradora di "Imeldahof". E hogar pa mucha aki na Noord ta encargá cu cuido di muchanan desampará y pobre.

5 Donacion Ta Trece Mas Felicidad di Pascu pa Muchanan y Pobernan

Receiving a donation from Lago President R. L. Trusty here is Frere Bonifacius of the La Salle Youth Group. Mr. Trusty said Lago is pleased to contribute to this organization to help it develop healthy activities for 600 members of four youth clubs on the island.

* * *

Frere Bonifacius ta recibí un donacion di President R. L. Trusty pa Grupo Hubenil di La Salle. E ayudo ta pa desaroya actividad saludable pa e 600 miembros di cuatro club hubenil ariba e isla.

President R. L. Trusty presents a donation check to Mr. S. van Trigt, Chairman of the F. W. P. Winkel Charitable Society, while Mr. H. E. Gonzalez, Vice President-Secretary of the Winkel Society, looks on. The donation will help the Society continue its charitable work for the Aruban community.

President R. L. Trusty ta presenta un check na Sr. S. van Trigt, President di Sociedad Caritativo F. W. P. Winkel, mientras Sr. H. E. Gonzalez, Vice President-Secretario di e Sociedad, ta mirando. E donacion lo yuda e Sociedad sigui su trabao caritativo pa comunidad Arubano.

Little Leaguer Boy Croes Jr. accepts a Lago donation from President R. L. Trusty for the Aruba Little League, while Max Arends, President of Little League (at r), and Milo Croes, the League's Vice President (at l), are looking on. The donation will assist the sports activities of the League's 12 Little League and 8 senior League teams.

Miembro di Little League Boy Croes Jr. ta acepta un donacion di President R. L. Trusty pa Aruba Little League, den presencia di Max Arends, President di Little League (na d), y Milo Croes, Vice President di League (na r). E donacion lo yuda actividadnan di 12 team di Little League y 8 team di Senior League.

Vice President LeRoy Johnston (at r) presents a donation to Mr. E. Madsø, Norwegian Vice Consul, to assist the Norwegian Seamen's Mission of San Nicolas in providing wholesome recreation to Scandinavian seamen who call at Aruba.

Vice President LeRoy Johnston (na d) ta presenta un donacion na Sr. E. Madsø, Vice Consul Noruego, pa yuda e Mision Noruego pa Marineros na San Nicolas duna recreacion na Marineros di Scandinavia cu ta bishita Aruba.
